Certified Residential Specialist, Realtor®

## Key Realty

*"I Do Your 'Home Work' For You!"*

---

### CRS Proud!

Did you know that less than 5% of Realtors® have a Certified Residential Specialist designation? Here's why I thought it was important to earn and maintain the designation:

- You know you're getting an agent who is knowledgeable about various facets of the real estate industry.
- We're there for you when you move out of or into a new area through our international network of CRS Agents.
- You can feel confident that your CRS Agent is committed to the real estate profession full-time.

***Personally, I became a CRS because I didn't want my clients to get anything less than the very best service possible.***

### My Promises as your Realtor®:

- Follow your lawful instructions.
- Be loyal to you.
- Promote your best interests
- Disclose material facts in any transaction.
- Maintain your confidential information.
- Act with reasonable skill and care.
- Account for any money in the transaction.
